

ITV Heavy Duty Control Panel

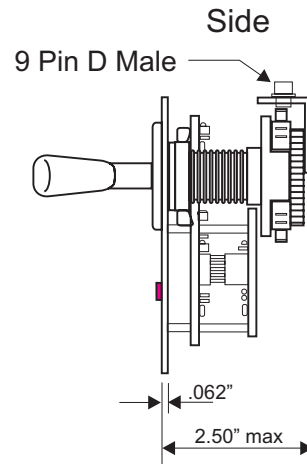

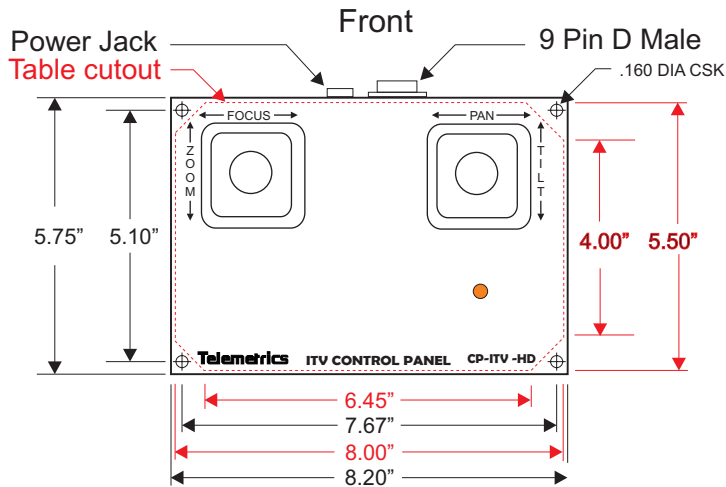

CP-ITV-HD-D100 & CP-ITV-HD-VC4

**CP-ITV-HD-D100
CP-ITV-HD-VC4**

**CPO-ITV-HD-OC
Open Chassis (optional)**

Description:

The Telemetrics CP-ITV-HD-D100 and CP-ITV-HD-VC4 Heavy Duty Control Panels are RS-232 serial desk top control panels, designed for those special applications where rugged usage is expected and minimum operating controls are required. Two heavy duty, rugged joysticks are provided to control pan/tilt/zoom/focus functions of the camera at fixed speeds. CP-ITV-HD-D100 controls Sony EVI-D100/D70/D30, BRC-300 and Elmo PTC-100S video cameras. The CP-ITV-HD-VC4 controls Canon VC-C4 cameras. The CPO-ITV-HD-OC is an open chassis option for direct mounting into a table.
