QUICK REFERENCE GUIDE

STEP 1: TURN THE SYSTEM ON

Turning ON the PCS-1/PCS-11

– Make sure the power switch on the side of the unit is ON.

– If the power indicator light is orange, press the power button on the Remote Commander® Controller.

– If after 6 seconds you do not see the main menu, make sure the TV monitor is on and the correct input of the TV is selected.

STEP 2: STARTING THE MEETING

Using Phone Book

– Use the navigation buttons on the Remote Commander Controller to select the PHONE BOOK, then press ENTER.

– Select the person you want to call and press ENTER.

– Select "Dial" and press ENTER again.

Using Manual Dial

– Using the number keys, begin entering the number you wish to call. The "Manual Dial" screen will automatically be displayed.

– Select the Line interface (IP or ISDN).

STEP 3: ENDING THE MEETING

Disconnecting

– To disconnect, press the CONNECT/DISCONNECT button on the Remote Commander Controller.

– Select the OK to disconnect and end the meeting.

STEP 4: POWERING OFF

Powering Off the Unit

– Press the power button to put the unit in standby mode.

– To completely power down the system, set the switch on the side of the unit to the OFF position.
